

BMJ Journals

Getting started guide

Make the most of your access to BMJ Journals

- BMJ Journals publish over 60 medical journals across a range of specialties.
- Enjoy online editor's choice articles, blogs, podcasts, online first articles and much more.

To view the full range of journals that we publish, visit journals.bmj.com.

journals.bmj.com

1. Submit your paper via our online submission system
2. Browse the archive by year and issue
3. Read articles as soon as they are published online
4. View the current issue
5. Read the top most read articles from the previous month
6. Register to receive regular electronic table of contents
7. Search the recent issue or archive via the advanced search tool
8. View related Journals

The screenshot shows the BMJ Journals website for the 'Gut' journal. The page layout includes a header with the BMJ Journals logo, navigation links (Subscribe, Log In, Search), and a search bar. Below the header, the journal title 'Gut' is prominently displayed. The main content area features a description of the journal, its impact factor (14.921), and a list of latest content. A sidebar on the right highlights 'Most Read Articles'. At the bottom, there are sections for 'Publish in this Journal' and 'Related Journals'. Numbered callouts (1-8) point to specific features: 1. Submit a paper button; 2. Email alerts button; 3. Latest Content section; 4. Current issue section; 5. Most Read Articles section; 6. Search bar; 7. Log In button; 8. Related Journals section.
